

JE-SERIES

FOAM CORE FIBERGLASS POLE KITS

JE-Series Foam Core Fiberglass Pole Kits for Aerial Construction & Line Clearance

Jameson's original foam core pole is the highest quality fiberglass pole available. The foam core prevents debris and moisture build up inside pole and adds extra hoop strength and rigidity.

Protective surface veil prevents fibers blooming at surface due to abrasion or ultra-violet light.

Meets requirements of OSHA Subpart R 1910.269 (j)(1)(i):
Every JE series pole is tested to 100KV per foot for 5 minutes.

FEATURES:

- Foam core prevents debris and moisture build up inside pole and adds extra hoop strength and rigidity
- .11" Wall Thickness
- 1.25" Pole Diameter
- Polymer protective surface veil prevents fiber blooming at surface due to abrasion or ultra-violet light
- High visibility safety yellow color
- Meets requirements of OSHA Subpart R 1910.269(j)(1)(i):
Individually tested to 100KV per foot for five minutes

Not A "Hot Stick" - Not For Use On Energized Lines

Universal Aluminum Ferrules & Adapters For Ultimate Versatility

Aircraft grade aluminum ferrules with exterior leaf spring locking button provide a secure connection when attaching multiple poles or tool heads.

SINCE 1956 - WE PROVIDE THE TOOLS THAT CONNECT AMERICA.
