

SUREHOLD®

Adhesives for every application

PYTHON GLUE

- ✓ Formulated for those projects requiring high strength glue; such as
 - repairing chair legs
 - building outdoor projects such as decks & steps
 - furniture assembly
- ✓ Bonds metal, stone, ceramic, brick, wood & more
- ✓ Ideal for most DIY fixes - indoors & outdoors
 - fill holes and gouges in wooden items
 - repair cracked and broken patio pavers
 - repair ceramic statues & pottery
 - repair picture frames
 - repair door and window molding and trim
 - bond plywood to concrete
- ✓ Does not dry with excessive foaming as do similar glues on the market.
- ✓ Easy-to-use bottle has a precision point for getting into those difficult places.
- ✓ Once dry, Python Glue is waterproof and can be sanded and painted
- ✓ Made in the U.S.A.
