

Click Connectors

for LED linear lighting | not to be used in wet locations

SIZE	ACTUAL WIDTH	PRODUCT COMPATIBILITY	DRIVER COMPATIBILITY	FLYING WIRE LEAD LENGTH
8MM	11.9mm / 0.46"	T150, T300, TSHL5050-150, TSHL2825 series, and TUB5630 series, T150RGB, T300RGB, T300RGBWW, T300RGBCW	only class 2 power unit	3", 6", 12", 24", 36", 60" or specify custom length (not available for TSPLICE connector)
10MM	14.1mm / 0.55"			
14MM	19.55mm / 0.77"			

TCON-CL TCONNECT
single slide linear lighting connector to flying wire lead

TPWR-CL TPOWERCONNECT
linear lighting to power supply slide connector

TYCON-CL TYCONNECT
single slide linear lighting connector to 2 additional linear lighting runs

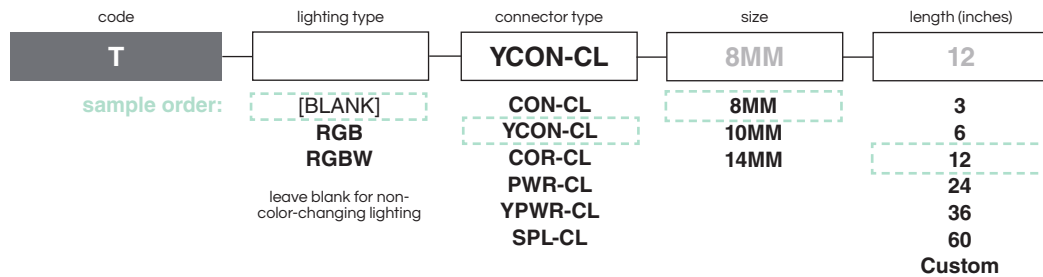

TYPWR-CL TYPOWERCONNECT
single power connector to 2-way split slide linear lighting connectors

TCOR-CL TCORNER
single slide linear lighting connector to additional linear lighting run

TSPL-CL TSPLICE
single connector for 2 runs of linear lighting (the top of the connector has a red dot)
